

NEW Butterfly iQ+ Vet

Bringing *vision* to veterinary care.

Buy for \$4,500 AUD ex GST
+ membership

Re-engineered for you.

Increased max depth.

Increased maximum scanning depth across presets, including 30cm on 'deep' presets.

Improved shallow and mid-depth resolution.

Get a clearer picture for more easily interpretable scans.

Wider field of view.

A broad field of view enables visualization of full organs on one plane.

Do more with less.

Maneuver around smaller animals and areas with a 15% smaller probe head and 10% shorter probe.

Sharper imaging.

Faster answers.

Expedite care timelines and help improve outcomes with more actionable insights in your clinic.

Abdominal small-animal.

Optimized abdominal image quality for confident kidney-length measurement.

Bladder assessment and treatment.

Measure bladder wall thickness and identify urinary stones and masses with the optimized bladder preset.

MSK equine.

Rule out cortical deviations with sharper bone surface imaging.

Abdominal small-animal
kidney measurement

Precise guidance. **Confident procedures.**

NEW Needle Viz™ technology: on-screen needle visualization for precise aspirates and injections.

Ultrasound—now on your compatible
Android or iOS device.

Download the Butterfly app, plug in your device, and select between 12 optimized presets with our intuitive touch-based interface.

Built to **last.**

Tackle the entire day, with up to 20% longer battery life and improved continuous run time.

Connected care.

- Easily share studies with your clients via text or email.
- Automatically integrate scans into any existing system with a secure DICOM connection.
- Use TeleGuidance™ to give or receive ultrasound guidance remotely.

Start your scanning **education** on day one.

Begin your POCUS journey with expert-taught tutorials, right in the Butterfly app.
